CPS-SNAP 2023 - Invited Speakers

Bahram Jalali   (UCLA Samueli School Of Engineering)
TBC

Tokihiko Akita   (Toyota Tecological Insititute)
"Driving Environment Recognition Technology for Automated Driving and Driver Assistance"

Sugang Xu   (NICT)
"Investigation of Disaster-Resilient Network-Cloud Ecosystem with Open Disaggregation and Cooperation Technologies"

Takuya Hoshi   (NTT Device Technology Laboratories, NTT Corporation)
"Recent Progress in epitaxial growth of InP-based ultra-high-speed heterostructure transistors for future cyber physical systems"

Bodhisatwa Sadhu   (IBM Watson Laboratry)
"Imaging Technology using 5G Telecom Base Stations"

Yasuhiro Mizutani (Osaka University)
"Single Pixel Imaging with Deep Learning"

Takuo Tanemura   (The University of Tokyo)
TBC
