

10th International Conference on Light-Emitting Devices and Their Industrial Applications (LEDIA 2024)

PACIFICO Yokohama, Japan, April 24-25, 2024

Scope

- 1: Light-Emitting Diodes
- 2: Laser Diodes
- 3: Photodetectors and Solar Cells
- 4: Epitaxial Growths
- 5: Extended Wavelength Devices
- 6: Novel Fabrication Processes
- 7: Novel Characterization Methods
- 8: Novel Materials and Devices
- 9: Industrial Application

IMPORTANT DATES

Abstract submission close: December 18, 2023
Registration Site Open: January 19, 2024
Early-Bird Registration Deadline: April 8, 2024

PAPER AWARD

A few papers will be selected for the “Paper Award” for young researcher. Around 10 papers will be nominated for the award based on the program committee’s ratings of the abstracts. The paper award will be judged from their presentations and announced at the closing to be held on the last day.

Student’s Paper Award, “Yamaguchi Masahito Award”

Yamaguchi Masahito, Ph. D, Associate Professor, Nagoya University, Steering Committee Member of LEDIA’13. He passed away in July, 2013, at the age of 45. We inherited his will to educate students and established Student’s Paper Award with the financial aid of MUTSUMI CORPORATION.

CONFERENCE CHAIR

Hiroshi Amano (Nagoya Univ., Japan)

CONFERENCE VICE CHAIR

Tohru Honda (Kogakuin Univ., Japan)
